GripBrew

AED 45.00

SKU: DW-028

Disposing of Coffee Grounds in landfills is known to exacerbate the greenhouse effect, therefore by recycling used coffee grounds we can reduce the overall carbon footprint. This 350ml No Fall suction mug makes use of this concept as it is made of recycled coffee grounds. It also includes a convenient cover so you can release the beverage steam before drinking to avoid scalding. Double wall Suction Mug (BPA Free) made from recycled coffee grounds outer cover & 304 Stainless Steel Inside. Its capacity of 350mL is sufficient to enjoy all sorts of coffee, be it hot or cold. Spill-proof thanks to grip-pad suction technology. Durable, easy to carry, and lightweight. The one-touch flip lid makes it easy to drink on the go. Fits in your hands and most of the cup holders conveniently.
